QUESTIONS AND ANSWERS

Reference is made to Request for Quotation (RFQ 040/2011), **Procurement of Software Licenses**, request for clarification:

Question 1 – With reference made to item for procurement No. 5, what kind of license is the subject to the procurement: Upgrade to the existing older version or fully new standalone license? Some of the terminology used within technical specification is related to older versions and it is generally clear that the last version of software is requested.

Answer 1 – The subject of procurement is upgrade version of software from version 7. Also, previous technical capabilities have been limited to L1SB:RC2, SD2, RCI, and after the upgrade process NL3 SB, RC24, SD12, and TD1 modules should be functional
